Upgrade your dashboard

Replace Murphy

PROTECT YOUR INVESTMENT

Looking for a “smart” way to protect your investment? Datcon Smart-2™ gauges feature **built-in LED warning lights** for low pressure, high temperature, low volts and low fuel, along with **switched output functions** to drive external accessories such as warning buzzers.

THE BOTTOM-LINE: MORE FEATURES & BENEFITS

- ✓ Fully sealed, ideal for severe environments
- ✓ Integral ultra-bright LED warning light; factory calibrated thresholds
- ✓ Integral, sealed 6-pin connector ensures easy installation to harness
- ✓ Lighted pointer for improved night-time visibility
- ✓ Easy-to-read white-on-black graphics
- ✓ Reinforced engineered resin case—tough & moisture-resistant
- ✓ Matches look of Direct Data-Bus Instruments (DDBI™).
- ✓ 4 part numbers: **119689**—fuel gauge; **119690**—water temp gauge (100-280°F), **119691**—oil pressure gauge (100 psi) & **119692**—voltmeter (8-18 VDC)*

WIDE RANGE OF APPLICATIONS
